

QUALITY POLICY

The main objective of Alonso Group's Management is to achieve the highest quality standards through the application of a Quality Management System that guarantees excellence in the products and services offered to customers. In order to achieve this, it is committed to:

- ◇ Satisfy both customer requirements and applicable legal and other stakeholder regulations.
- ◇ Continuously improve the quality of products and services. Through the prevention or exclusion of incidents and the creation of added value in a sustainable manner. At the same time, it undertakes to ensure that, if any non-conformity occurs, it is analysed and the necessary corrective and preventive actions are applied, in addition to communicating this to all affected staff.
- ◇ Develop a culture of high quality and continuous improvement in all Group companies, as well as in suppliers and subcontractors.
- ◇ To promote the continuous improvement of the company, through the provision of adequate resources and training, in order to ensure that work is carried out in a safe, on time and professional manner.

The management of Alonso Group considers its Human Resources to be the most important factor in achieving these objectives and influencing the quality and trust of its customers. To this end, teamwork, commitment and dedication of all employees are essential. At the same time, it wishes to convey to all staff the significance of the implementation of this policy, undertaking to provide the necessary resources and to monitor its efficiency.
